# Aaron Philip

Delhi, India — +91 8447883242 — philipaaron321@gmail.com — LinkedIn — Portfolio

## SUMMARY

DTU undergraduate specializing in user-centric design thinking and data-informed decisions. Experience translating complex business and user requirements into actionable solutions, from disaster-response systems and design frameworks to dashboards and visualizations. Skilled in user research, prototyping, requirements gathering, and stakeholder communication.

## EDUCATION

**Delhi Technological University (DTU) — Delhi, India** August 2023 – May 2027

*B.Tech in Biotechnology*

**LK International School — New Delhi, India**

*CBSE XII (2023) — CBSE X (2021)*

## INTERNSHIPS

**Business Analyst — KPMG** June 2026 – August 2026

- Conducted market analysis across Canada and Germany to support product and pipeline strategy; built pipeline dashboards and reporting frameworks for senior leadership.
- Managed a 516-contact database with data validation; collaborated with clients and stakeholders to deliver data-backed design recommendations.

**Data Management Analyst Intern — Ministry of Health & Family Welfare** June 2025 – August 2025

- Designed data collection and beneficiary verification workflows for Ayushman Bharat (500M+ beneficiaries), improving inclusion accuracy across districts.
- Built Power BI dashboards and Excel reporting models to track pipeline metrics and identify data quality gaps.

## PROJECTS

**Product Design Lead — Smart India Hackathon 2025 — Internal Finalist** September 2025 – October 2025

- Led design thinking for an open-ended disaster-response challenge: conducted user research, mapped pain points, identified system gaps, and built a solution framework. Developed cost-benefit models for an AI-based drone deployment solution; selected as Internal Finalist for exceptional problem-solving.

**Design & Sponsorship Lead — Mission AAKASH — Team Rocketry DTU** June 2025 – October 2025

- Built a prospect qualification database of 40+ companies and developed a prioritization matrix, resulting in 15+ closed deals worth over INR 7 Lakhs. Designed end-to-end pipeline tracking and produced monthly budget reports with visual dashboards.

## ACHIEVEMENTS

- Awarded “Excellent” Category at IN-SPACe Model Rocketry National Competition for presentation, fabrication, and design.
- Internal Finalist, Smart India Hackathon 2025, for developing a disaster-response drone solution.

## POSITIONS OF RESPONSIBILITY

**President — Cosmology Club, DTU** August 2025 – August 2026

- Led a 35-member team to execute events, build industry partnerships, and drive design and delivery for a 500+ member student community.

**Treasurer — Team Rocketry, DTU** August 2025 – August 2026

- Secured INR 7L+ from 15+ global partners and coordinated cross-functional teams to deliver key project milestones.

## DESIGN EXPERIENCE

**Editor-in-Chief — Team Rocketry DTU** August 2025 – August 2026

- Designed and developed the team’s official newsletter, Zenith, and created the official team badge for the international LASC competition. Edited short-form reels and promotional videos for social media engagement.

**Design Lead — Cosmology Club, DTU** August 2025 – August 2026

- Designed promotional posters, event creatives, social media posts, and reels for club events.

**Presentation Designer — Smart India Hackathon (SIH)** September 2025 – October 2025

- Designed the complete presentation deck with visual layout, graphics, and structure for a professional pitch.

## SKILLS

**Design & Research:** User Research, Requirements Gathering, Design Frameworks, Problem Structuring, End-to-End Solution Design, Wireframing, Prototyping, Usability Testing, Design Iteration, Visual Communication

**Visual Communication & Visualisation:** Dashboard Design (Power BI), Data Visualisation, Visual Design, Presentation Design, Information Architecture, Figma, Adobe Creative Suite

**Leadership & Communication:** Cross-functional Team Leadership, Stakeholder Communication, Project Management, Design Process Documentation, Feedback Integration

**Technical:** SQL / MySQL, Python, Microsoft Excel (Data Modelling), Microsoft Power BI, GIS Tools, Business Intelligence
